

TRUTH THAT'S ABSOLUTE

(The Computer Song)

Man search - es, search - es in the sea, and tells us life took root
Man search - es, search - es in the sand, and tells us fos - sils mute
Man search - es, search - es in the sky, and tells us stars that shoot

(Speaking part) (Pinch nose while singing)

In pol - li - wogs... "A - me - bic frogs?" But, that will not com - pute!
By stra - ta lines... "Are an - cient finds?" But, that will not com - pute!
Formed in the past... "By cos - mic blast?" But, that will not com - pute!

For in God's Word we clear - ly see truth that is ab - so - lute!

(Pinch nose)

And all the theo - ries that men teach, they just can - not com - pute!
